

We are looking for : DEVOPS ENGINEER

WHO WE ARE

BRUSCH SERVICES is a Romanian software company, part of Connections Consult group, starting 2021, with a long history on both the Romanian and European IT market. We built our position around delivering quality outsourcing and staff augmentation services to our clients, covering all specific technical profiles of a software development lifecycle (project management, business analysis, IT architecture and design, development, testing, support and maintenance).

WHAT YOU NEED TO DO

- Maintains and supports the development infrastructure and environments;
 - Creates and/or integrates systems, utilities and scripts to automate deployment, configuration and monitoring of builds and environments;
 - Defines build and deployment standards and procedures and ensures adherence to them;
 - Liaises with specific service providers within the Bank to enhance their offerings;
 - Liaises with other technical areas, conducting technology research, and evaluating software required for maintaining the environments;
 - Creates, operates and improves the process automation solutions designed to optimize the activity and to deliver a high quality of service;
- Solid understanding of infrastructure and platform components included but not limited to:
 - o Linux Operating Systems
 - o Shell/Python Scripting
 - o At least one SQL Database (Oracle, MySQL, MS-SQL etc.)
 - o Oracle WebLogic / Tomcat / JBoss Application Servers
 - o Basic knowledge of one build system (Maven, Gradle, Ant etc.)
 - Experience with tooling across the SDLC:
 - o JIRA, ServiceNow
 - o Confluence, Artifactory

WHAT YOU NEED TO KNOW

- A creative approach towards solving technical problems;
- Good knowledge of TeamCity / Jenkins / Ansible, GIT / BitBucket;
