

We are looking for : ORACLE DEVELOPER

WHO WE ARE

BRUSCH SERVICES is a Romanian software company, part of Connections Consult group, starting 2021, with a long history on both the Romanian and European IT market. We built our position around delivering quality outsourcing and staff augmentation services to our clients, covering all specific technical profiles of a software development lifecycle (project management, business analysis, IT architecture and design, development, testing, support and maintenance).

WHAT YOU NEED TO DO

- Understand the current state technical landscape;
- Responsible for ensuring that the software delivered meets functional and non-functional requirements and adheres to the architectural specifications;
- Collaborate with architects and business analysts in defining the data needs to support information analytics;
- Designs and develops data models and ETL operations using PL/SQL;
- Performs unit and integration testing and participates in the QA and validation;
- Provides development estimates and input to project planning and review meetings;

WHAT YOU NEED TO KNOW

- At least 3 years of professional experience in Business Intelligence solutions delivering high volume reporting applications – Data Warehousing, ETL, Reporting and Analytics;
- Excellent English;

- Excellent PL/SQL knowledge with the ability to write complex SQL queries;
- Experience in working with complex data structures;
- Strong algorithmic, analytical, and critical thinking skills;
- Hadoop and Big Data (nice to have);
- Capable to meet deadlines and work within virtual teams in matrix organizations;
- Hands-on knowledge of enterprise technology platforms supporting the Treasury, Finance, and Risk domains in a large financial institution would be a significant advantage;
- Degree in Computer Science or similar;
